**BON SECOURS IMMIGRANT PLANNING OBSERVATIONS**

**Age/Gender/Race**

Chesterfield (604 total)

- Hispanics (male and female) are 62.7% of the total Asian/Hispanic patients
- 74.3% of the total discharges are female (both races combined)
- Largest number of Asian female, Hispanic male and female in 20-39 age group
- Largest number of Asian males in 40-64 age group

Hanover (57 total)

- 52.6% of the total discharges are Asian
- 56.1% of the total discharges are females (two races combined)
- Largest number of Asian male and Hispanic female in 40-64 age group
- Largest number of Asian female in 20-39 age group
- Hispanic males – 1-19 and 20-30 have the same number of discharges

Henrico (538 total)

- 59.5% of the discharges are Asian (male and female combined)
- 74.3% of the total discharges are female (both races combined)
- Largest number of discharges in 20-39 age group for Asian female, Hispanic male, and Hispanic female
- Largest number of discharges in 65+ age group for Asian male

Richmond (335 total)

- 77.0% of the discharges are Hispanic (male and female combined)
- 63.5% of the total discharges are female (both races combined)
- Largest number of discharges in 20-39 age group for Asian female, Hispanic male, and Hispanic female
- Largest number of discharges in 65+ age group for Asian male, although 20-39 is very close in number of discharges to 65+ age group

CHHR Region (1,534 total)

- 57.5% of the discharges are Hispanic
- Largest number of discharges in 20-39 age group for Asian female, Hispanic male, and Hispanic female
- Largest number of discharges in 40-64 age group for Asian males

## Greater Richmond Area Immigrant Health Needs Assessment

### Overall Locality (89,788 total)

- 54.9% of all discharges are female
- The largest number of male discharges is in the 65+ age group, although the 40-64 age group is very close in number of discharges
- The largest number of female discharges is the 65+ age group

### **Primary Diagnoses**

#### For Asian population by locality

- in Chesterfield and Henrico: pregnancy diagnosis is the top diagnosis
- in Hanover: heart diagnosis is the top
- in Richmond: clinical research exam is the top, although most of the other main diagnoses are heart related

#### For Hispanic population by locality

- in Chesterfield and Richmond: pregnancy diagnosis is the top diagnosis
- in Hanover and Henrico: heart diagnoses are the top diagnoses

#### CHHR Region

- Pregnancy related diagnoses are the top diagnoses

#### Overall Locality

- Heart related diagnoses are the top diagnoses; pregnancy diagnoses are further down the list

### **DRG**

#### For Asian population

- For the most part, pregnancy or female related DRGs are the main DRGs
- Heart related DRGs and psychoses are other high ranking DRGs

#### For Hispanic population

- For the most part, pregnancy related DRGs are the main DRGs
- In Hanover, psychoses is the top DRG
- Psychoses is one of the top ranking DRGs in the other three counties

## Greater Richmond Area Immigrant Health Needs Assessment

### For CHHR

- Pregnancy related DRGs are the top DRGs
- Psychoses is the second top DRG

### For Overall Locality

- Psychoses is the top DRG; followed by vaginal delivery and heart failure and shock

## **MDC**

### For Asian population

- MDC for pregnancy is the top MDC for all four counties
- MDC for digestive system, MDC for circulatory system, and MDC for respiratory system are the next top two MDCs – the ranking varies by the county

### For the Hispanic population

- MDC for pregnancy is the top MDC for three counties
- MDC for mental disorders is the top MDC for Hanover
- The next top two MDCs vary by county (mainly circulatory, respiratory, and digestive MDCs)

### For CHHR

- MDC for pregnancy is the top MDC
- MDC for digestive system is the second highest
- MDC for circulatory system is the third highest

### For Overall Locality

- MDC for circulatory system is top MDC
- MDC for pregnancy is the second highest
- MDC for respiratory system is the third highest

## **Payer**

### For the Asian population

- Chesterfield, Hanover, and Henrico's top two payers are Trigon, HMP/PPO, or commercial (more of a working population). Medicare is the third top payer for Chesterfield
- For Richmond, Trigon is the top payer; however, Medicare and Medicaid are the next two top

Greater Richmond Area Immigrant Health Needs Assessment

For the Hispanic population

- Self pay is the top category for all but Hanover
- Hanover's top payer is commercial
- Medicare is not a major payer

For Overall Locality

- Top three payers are Medicare, HMO/PPO, and Trigon

**ATTACHMENT IV.**

**RICHMOND AREA IMMIGRANT & REFUGEE HEALTH NEEDS**  
**Interview Protocol for Community Leadership & Service Providers**

Interviewee:  
Organization/Affiliation:  
Position(s):

Date of Interview:  
Interviewer:

**INTRODUCTION**

Introduce self. Explain that the Bon Secours Health System in collaboration with the Central Virginia Health Planning Agency has pulled together a multi-disciplinary group of persons interested in the health status of refugees and recent immigrants (within last three years) in the greater Richmond, Virginia area. The purpose of the interview is to assist this group in identifying the health needs of refugees and immigrants, both documented and undocumented; what services are currently available to these populations; the gaps that exist in meeting those needs; and the barriers to accessing available services and providing services. *Note that the opinions/views expressed are completely confidential and will only be reported so as not to reveal the source (with the exception of services available).*

Any questions before we start?

**ORGANIZATIONAL INFORMATION**

1. What does your organization do and what is your role within the organization?
2. How many refugees/immigrants do you serve annually (estimate if exact number not available)? What is the percentage of documented and undocumented immigrants? Do you maintain any data on the refugees/immigrants that you serve? If so, would you be able to provide it to us (aggregated data is fine)?
3. What demographic groups within the refugee/immigrant population do you primarily work with (prompt age, sex, nationality if needed)? What countries do they come from? Of the countries identified, what percentage would you estimate are documented? Percentage undocumented? What languages do they speak?

Greater Richmond Area Immigrant Health Needs Assessment

4. Are there other organizations that you regularly work with to meet the needs of your clients? If so, which ones are they and what do they provide?
5. Are there other organizations that provide services similar to your organization's services? Do you all work together in any way? If so, how? (e.g. referrals, resources, etc.)

**IMMIGRANT/REFUGEE NEEDS**

6. What are the needs of the immigrants/refugees you serve by country of origin and/or immigration status, if available? (e.g. health care, communication, housing, transportation, etc.)
7. Which of these needs are generally not being met? (Provide by country of origin and/or immigration status, if available.)
8. Are there specific unmet health needs by group?
9. Of the population groups you serve, which group has the greatest needs? (by ethnicity, sex, age, etc.) What are their specific needs?
10. If one thing could be done for this population group, what would that be? (e.g. provide or increase the provision of a certain service, provide certain educational service)

**BARRIERS/SOLUTIONS TO MEETING NEEDS**

11. What would be needed to get such an initiative started? What are the current resources?
12. What do you think would be the greatest barrier to getting the identified initiative started? Barriers to sustaining the initiative?

Greater Richmond Area Immigrant Health Needs Assessment

13. What do you think are the greatest barriers to you and/or your organization relative to improving the lives of the immigrants/refugees you serve? (e.g. lack of translator services or communication skills, cultural practices)
  
14. Looking more globally, what do you think would have the greatest impact on improving the health and well being of area immigrants/refugees?
  
15. Do you know of a particular community model or initiative for immigrants/ refugees that might be successful in the greater Richmond area?
  
16. Are there any additional thoughts or information you have that hasn't been covered today that would be helpful in our planning?
  
17. Is there someone else we should talk to about these issues?

*Thank you for taking time to speak with me. Should you have any questions, concerns, or additional thoughts you would like to share after today, please don't hesitate to contact me. We will be following up with you during the planning process.*

<b>RICHMOND AREA IMMIGRANT &amp; REFUGEE HEALTH NEEDS ASSESSMENT CONTACT LOG</b>		
<b>Name of Organization</b>	<b>Name of Interviewee</b>	<b>Description of Services/Organization</b>
Crossover Health Clinic	Dr. Kane & Dr. Januzzi	Crossover Ministry is a faith based health organization that provides access to quality healthcare to the uninsured, the working poor and the homeless in the greater Richmond Area. Offers on-site primary medical care, dental care, vision care, gynecology, anonymous HIV testing, pharmaceutical services, podiatry and pediatrics. Clinic also has several outreach clinics.
Fan Free Clinic	Jim Beckner	Fan Free clinic is a private, nonprofit, community based organization that provides health care at little or no charge to low income, uninsured and underinsured people through the use of volunteer health professionals and partnerships with other health providers. Offers medical clinic, education and outreach, social services, STD clinics and a dispensary.
Refugee & Immigration Services	Kathleen A. Jackson	Provides immigration counseling and information on procedures for applying for permanent residency or citizenship. Offers advocacy, counseling and interpreters/translators.
Virginia Hispanic Foundation Virginia Chamber of Commerce	Michael Zahur Laura Sanchez	Provides an information referral source to the Hispanic community. Serves as a satellite office for several organizations to provide services.

Greater Richmond Area Immigrant Health Needs Assessment

AHAR – Association of Hispanic Americans of Richmond	Josie Guzman Tanya Gonzalez	Organization promotes and maintains cultural awareness. Offers scholarships, community outreach, soccer & dance program.
LESP Coalition Chesterfield Extension Services	Ann Vargo	Chesterfield Extension Services formed the LESP coalition in 1994 due to schools’ concerns of drop-out rates from the limited English speaking community. This coalition advocates for this population. All members are volunteers from various organizations.
Falling Creek Elementary School ESL Learning Center	Linda Boswell	Provides Education Services for children and adults with limited English speaking skills. Offers ESL classes, GED classes and has rapidly been converting to a referral source for the community.
Omni V. Narang, M.D., F.R.C.S. Family Practice and Sports Medicine	Mona Narang	Receives referrals and works on a case-by-case basis to provide medical services to uninsured and underinsured individuals. Offers medical services, sample medications for the uninsured, and serves as a referral source for the community.
Sacred Heart Catholic Church	Father David Lucy Cruz	Catholic church with approximately 435 members, of which 50% are Hispanics.
HCA Chippenham Hospital Johnston Willis Hospital	Carolyn Cuttrell	Organization provides inpatient/outpatient services. Offers OB services, surgery, acute and chronic care.
VCU Health System · Family Practice Plan · MCV Physicians · Virginia Premier	Sheryl Garland	Organization provides inpatient/outpatient services. Offers financial assistance for qualified patients.

<p>Asian American Society of Virginia Philippine Association of Virginia</p>	<p>Marj Mohta</p>	<p>Social organizations with a broad scope on government issues. In the process of developing a website to reach newly arrived members of this population. A referral source and outreach for the community.</p>
<p>Bon Secours Care-A-Van</p>	<p>Dr. Greg Stephens  Ramon Omana Cheryl Omana</p>	<p>A free health van for uninsured and underinsured patients around Richmond and the surrounding areas. Offers school entrance physicals, urgent/primary care (including examination, diagnosis, lab, pharmacy and follow-up), immunizations, and health screenings for adults.</p>
<p>Henrico Health Department</p>	<p>Dr. Curtis Thorpe Debbie Staley</p>	<p>Provides numerous health services throughout Henrico County</p>

<b>WHAT DEMOGRAPHIC GROUPS WITHIN THE REFUGEE/IMMIGRANT POPULATION DO YOU PRIMARILY WORK WITH (PROMPT AGE/SEX)</b>	
<b>Agency</b>	<b>Response</b>
Bon Secours	Hispanics (Mexico, El Salvador, Guatemala, Honduras and Columbia), young families 20's and 30's
Asian American Society Of Richmond	Asian (Young families in 20's and 30's)
Philippine Association of Virginia	Philippine (Young families in 30's)
Hispanic American Assn. of Richmond	Hispanics (Mexico, Guatemala, and Honduras)
VCU Health System	Hispanics (Mexico) and Asian (Cambodia/Vietnam)
HCA Health System	Hispanics (Mexico) and Asian (Korea, Vietnam, Cambodia). Also seeing a growing number of Brazilians.
Sacred Heart Catholic Church	Hispanics (Mexico, Guatemala) 20's and 30's.
Virginia Chamber of Commerce Virginia Foundation	Hispanics (Mexico, El Salvador, Guatemala, and Columbia), Middle-aged Families.
Crossover Health Clinic	Hispanics from Central and South America (El Salvador, Mexico, Honduras and Guatemala). Asians (China and Korea).
Fan Free Clinic	Hispanics (Mexico, El Salvador, and Guatemala).
Immigration and Refugee Services	Bosnians, Africans, Hispanics, Cambodians and Vietnamese.
Falling Creek Elementary School – ESL Learning Center	Hispanics from Central America. Mostly women in 20's and 30's. (Columbia, Guatemala, Mexico, El Salvador).
Henrico County Health Department	Hispanics, Asians, Russians, Bosnians, and Africans.
Chesterfield Cnty. Ext. Svcs. – LESP Coalition	Vietnamese and Cambodian
Dr. Narang (Family Practice)	Sudanees and Bosnians (Middle Age 20's and 30's)

***Of the population groups you serve, which group has the greatest needs (by ethnicity, sex, age, etc.)? What are their specific needs?***

1. Mexicans – 20's and 30's
  - Preventative Care
  - Diabetes
  - Tuberculosis
  - Job Skills
  - Health Screenings
  - Housing
  - Transportation
  - Cancer Screening
  
2. Guatemalans – 20's and 30's
  - Diabetes
  - Financial Strains
  - Tuberculosis
  - Preventive Care
  - Health Screenings
  - Health Care
  - Cancer Screening
  
3. El Salvadorians – Middle-Aged Families
  - Health Care
  - Diabetes
  - Tuberculosis
  - Cancer Screening
  - Financial Strains
  - Preventive Care
  - Health Screenings
  
4. Bosnians – Young Adults
  - Health Screening
  - Diabetes
  - Preventive Care
  
5. Cambodians – Middle-Aged Families
  
6. Vietnamese – 20's and 30's
  
7. African – Young Adults

***Are There Specific Unmet Health Needs?***

- Pre-Natal/OB-GYN – 12
- Health Screenings – 7
- Mammography – 6

<b>HOW MANY REFUGEES/IMMIGRANTS DO YOU SERVE ANNUALLY (ESTIMATE IF EXACT NUMBER NOT AVAILABLE)? DO YOU MAINTAIN DATA ON THE REFUGEES/IMMIGRANTS THAT YOU SERVE?</b>	
<b>Agency</b>	<b>Response</b>
Bon Secours	Approximately 1,000 a year. 50% immigrants and refugees. Out of 50%, approximately 25% are un-documented.
Asian American Society Of Richmond Philippine Association of Virginia	No data kept.
Hispanic American Assn. of Richmond	No data available; however, 1 in every 2 are undocumented.
VCU Health System	Serve 30,000 a year. 25,000 deliveries. 43% increase in self-pay due to undocumented.
HCA Health System	No data available.
Sacred Heart Catholic Church	There are currently 435 members. 55% are Hispanic and approximately half are undocumented.
Virginia Chamber of Commerce Virginia Foundation	No data at this time.
Crossover Health Clinic	10% to 25% immigrants; 50% Latino; 80% to 90% are undocumented.
Fan Free Clinic	Working with REACH on shared data. Approximately, immigrants are 4% to 6% in medical and about 30% in outreach.
Immigration and Refugee Services	300 to 400 refugees a year (majority Bosnians and Africans). 1,000 immigrants a year. (Hispanics, Cambodians/Vietnamese)
Falling Creek Elementary School – ESL Learning Center	Program is fairly new; however numbers keep increasing. 75% undocumented.
Henrico County Health Department	Approximately 50% of pre-natal are undocumented. 40% are undocumented in other areas.
Chesterfield Cnty. Ext. Svcs. – LESP Coalition	300 served annually. (Data to follow).
Dr. Narang (Family Practice)	Demographic Data Report to follow.

***Are there any additional thoughts or information you have that haven't been covered today that would be helpful in our planning?***

- The need to work on shared data to make needs known.
- Advocate for youth.
- This community has a lack of trust.
- They don't know where to go for help.
- A lot of immigrants are mixed marriages (Mail-order brides).
- Need more education on domestic violence due to arranged marriages.
- Women within this population suffer trauma (ex. Rape, stripped clothes).
- Men have a hard time with adaptation (ex. Leaving loved ones behind).
- Children tend to be ashamed of being illegal.
- Children are not attending school due to constant moving and having to translate for family.
- Racism and prejudice exist within different ethnic groups.
- We must make community aware of the growing issue at hand in order to develop future solutions.
- We must be aware that this population feels that the system has failed them.
- Most have outstanding financial obligations which take priority over health care.
- Within this population, chronic illnesses are symptom less.
- Consideration of allowing undocumented population to receive identification cards in order to know how large of a population.
- This population has already suffered trauma during their voyage into this country and then have to deal with adaptation/adjustment.

***Do you know of a particular community modeler initiative for immigrants/refugees that might be successful in the Greater Richmond Area?***

- Care-A-Van
- Falling Creek ESL Learning Center
- Virginia Hispanic Chamber of Commerce
- Crossover
- Lay Health Promoter
- Collaboration of a Circle of Agencies
- Refugee and Immigration Services
- Fan Free Clinic
- Craig Clinic
- Harris Clinic
- Social Cultural Associations

***What do you think would have the greatest impact on improving the health and well-being of area immigrants/refugees?***

- Self-sufficiency of adult population.
- Greater Accessibility to health care for all.
- Ability to provide with primary and preventive care rather than emergency care.

- Well adjusted and adapted individuals.
- Education and language barrier diminished.
- Network increase.

***What do think are the greatest barriers to you and/or your organization relative to improving the lives of the immigrants/refugees you serve?***

- Funding (Need for grants and donations) – 12
- The need for more staff and facilities to meet the growing numbers – 10
- Lack of resources – 8
- Communication (Language Barrier) – 7
- Follow-up services (lack of support services) – 4
- Referral Sources for Cultural Competencies – 3
- The ability to refer for specialty care – 1
- Need for adult models – 1

***What do you think would be the greatest barrier to getting the identified initiative started? Barriers to sustaining the initiative?***

- Cultural Sensitivity/Cultural Attitudes
- Gaining Trust
- Language barrier
- Resistance from community
- Policy enforcement
- Lack of resources and funding

***What would be needed to get such an initiative started? What are the current resources?***

- Funding and government involved
- Physicians willing to see patients at reduced or no charge
- Cultural sensitivity
- Community awareness
- Education programs
- Trust
- Budget (Grants and Donations)
- Bi-lingual physicians
- Network increase
- More facilities like Crossover, Care-A-Van, and Fan Free Clinic
- Assessment of needs
- People who share the philosophy that people should be helped

***If one thing could be done for this population group, what would that be (e.g., provide or increase the provision of a certain service, provide certain educational service)?***

- Provide assistance for them within their community
- Greater accessibility to health care
- Education
- Translators and interpreters
- Provide them with resources
- Health prevention education
- Gain their trust
- School liaison services
- Allow undocumented to get identification cards
- Advocate and case management
- Prevention services
- Support services for adaptation and adjustment

**RICHMOND AREA IMMIGRANT & REFUGEE HEALTH NEEDS  
Focus Group Protocol for Community Members**

Date of Focus Group:

Affiliation of Focus Group Members:

Facilitator:

**INTRODUCTION**

Introduce self. Explain that the Bon Secours Health System in collaboration with the Name Association or Group has pulled together a group of persons who are refugees and recent immigrants (within last three years) in the greater Richmond, Virginia area who can help give us advice on meeting your and your friends' and family's health care needs. I'll be asking what services are currently available to meet you and your family's needs; the types of services or help that immigrants and/or refugees need that isn't available; and the problems people have in getting available services. \_\_\_\_\_ will be keeping notes (or we will be taping your responses) to make sure we don't miss anyone's thoughts on a particular issue. *Note that the things that you say today are completely confidential and will only be reported in a way so that no one reading the group summary could identify the source/person of a particular piece of information or opinion.*

Any questions before we start?

We're going to go around the room and have everyone tell us your name (first name is fine), how long you've been in the United States, and something you would like to share about yourself or your family (example – number of children you have, what you like to do in your free time).

Now, we're going to go around the room/table and ask each of you the following question (for first question only):

1. Has living in Virginia been what you expected? Why or why not?
2. What do you think is the biggest adjustment you've had to make since moving to Virginia?
3. What is your biggest health worry?
4. How do people in the (Hispanic or Asian, depending on group) community find out about available health care services?

**IMMIGRANT/REFUGEE HEALTH NEEDS**

Greater Richmond Area Immigrant Health Needs Assessment

5. What do you think are the greatest health needs of women (or men, if a male group) in the (Hispanic or Asian, depending on group) community? Why?
6. What do you think would help (women or men, whichever was identified in the previous question) get the care they need? (Prompt with the following examples, only if needed: bi-lingual staff, convenient hours, transportation)
7. What do you think are the greatest health needs of women (or men, whichever is the opposite sex) in the (Hispanic or Asian, depending on group) community? Why?
8. What do you think would help (women or men, whichever was identified in the previous question) get the care they need?
9. What do you think are the greatest health needs of children in the (Hispanic or Asian, depending on group) community? Why?
10. What do you think would help children get the care they need?
11. Would you allow your child to be cared for in a school-based health clinic?
12. Have you or a family member needed health care in the last year but were unable to get it?  
A) If yes, why didn't you get care?                      B) If no, where did you get care?
13. Have you or a family member needed dental care in the last year but were unable to get it?  
A) If yes, why didn't you get care?                      B) If no, where did you get care?
14. Are behavioral health issues, such as stress, alcoholism, or domestic abuse, a problem in the (Hispanic or Asian, depending on group) community? Do people have a place to go for help with these issues? If so, where? (examples, if needed: clergy, community mental health agencies, private doctors, self-help groups like Alcoholics Anonymous)

**INFORMATION/RESOURCES**

15. How could health care providers better inform recent immigrants/refugees that their health care information can't be provided to anyone without the patient's permission?

Greater Richmond Area Immigrant Health Needs Assessment

16. Who are the major employers of immigrants/refugees?
17. Are employers of immigrants/refugees concerned about their employees' health? Do they provide any care to or insurance for their employees?
18. What is the most convenient place for you to receive health care services (e.g. shopping center, employer, apartment building, Hispanic Assoc.)? Would you use health care services provided at your employer?

*Thank you for taking time to speak with me. Should you have any questions, concerns, or additional thoughts you would like to share after today, please don't hesitate to contact me (give them cards at beginning). Have a safe trip home.*

## **RICHMOND AREA IMMIGRANTS & REFUGEE HEALTH NEEDS**

### **Focus Group Meeting**

**Date of Focus Group:** May 3, 2003

**Venue:** La Siesta Restaurant

**Affiliation of Focus Group Members:** Hispanic American Association of Richmond

**Facilitators:** Ileana Rivera and Ramón Omaña (Separate Men & Women)

The first meeting was opened with the assistance of 10 Hispanics. They have been residing in the US between 1 and 3 years. The children age 3 months to 5 yrs. It was emphasized to the group that whatever they said in this meeting was completely confidential and only the contents and information provided by them were going to be reported. No source (names, etc.) was going to be identified.

To break the ice they were asked to voluntarily share something about their families, hobbies, how they spent their free time, etc. The consensus was that they did not have too much free time because they worked 6 days a week. They liked to watch TV, take the family for a ride, walking in the park, playing sports and drinking refreshments.

The following questions were formulated and answered by each one of the participants.

1. Has living in Virginia been what you expected? Why or Why not?
  - A. Most agreed that it was better than expected. It was sacrificial but better than in their countries.( 5 )
  - B. Most came to Virginia due to job opportunities and reputation of being a great place to raise children. ( 4 )
  - C. One individual came to Virginia to meet other family members.(1 )
2. What do you think is the biggest adjustments you've had to make since moving to Virginia?
  - A. Identifying with American Culture which is more liberal.( 6 )
  - B. Adaptation of being far from loved ones.( 10 )
  - C. Difficulties in obtaining INS documentation.( 10 )

- A. Back injuries due to employment ( 5 ) (men)
  - B. Work related injuries ( 4 ) ( men )
  - C. Hernia ( 4 ) ( men )
  - D. Eyesight problems ( 1 ) ( men )
  - E. Exhaustion ( Stress ) ( 3 ) ( men )
  - F. OB-Gyn services ( female issues ) ( 10 )
  - G. Mammograms (females) ( 9 )
  - H. Preventive Health ( females ) ( 8 )
  - I. Dental ( females ) ( 10 )
6. What do you think could be done to get the care you need?
- A. Have more Health Care units like the Care-a-Van. ( 10 )
  - B. Transportation ( 8 )
  - C. Bi-lingual staff ( 10 )
7. What do you think are the greatest health needs for children in your community? And why?
- A. Immunizations ( 9 )

Greater Richmond Area Immigrant Health Needs Assessment

- B. School Physicals specially undocumented.( 10 )
  - C. Immediate medical attention (alternative to ER ) ( 9 )
  - D. Nutrition ( lack of food due to financial situation and education) (8 )
8. What do you think would help children get the care they need?
- A. More clinics like the Care-A-Van and Crossover ( 9 )
  - B. Education on Health Care system ( 8 )
  - C. Better understanding of importance of Immunizations ( 10 )
  - D. Transportation ( 10 )
9. Would you allow your child to be cared for in a school-based health clinic?
- A. Consensus was that it would be a great idea (all trust schools)
10. Have you or family members needed health care in the last year but were not able to get it?  
A) If yes, why didn't you get care? B) If no, where did you get care?
- A. ( yes ) due to expense and language barrier ( 5 )
  - B. ( no ) Care-A-Van and Crossover ( 3 )
  - C. ( no ) Emergency Room ( 2 )
11. Have you or family members needed dental care in the last year but were not able to get it?  
A) If yes, why didn't you get care? B) If no, where did you get care?
- A. ( yes ) Too expensive ( 9 )
  - B. ( yes ) Hard to find dental care ( 10 )
  - C. ( no ) Crossover clinic ( 1 )

  - C. Landscaping
  - D. Painting company
  - E. Hotels
  - F. House cleaning companies
  - G. Golf course
  
15. Are employers of immigrants/refugees concerned about their employees' health? Do they provide any care or insurance to their employees?
  - A. Most are here working illegally and not eligible for health insurance ( 4 )
  - B. Those that offer insurance are very expensive ( 6 )

(Some expressed that at one point they had insurance; however under assumed names which was very risky) Ex. One young lady explained that she had a baby with an insurance policy that she paid into; however when she applied for the birth certificate she requested it under her real name. This young lady was questioned by hospital staff in regards to the differences in her name from the one on the insurance card.
  
16. What is the most convenient place for you to receive health care services (e.g. shopping center, employer, and apartment building, Hispanic Association)? Would you use health care services provided at your employer?
  - A. Most agreed that they go to places they trust such as ( Care-A-Van, and Crossover Ministries ( 10 )

Greater Richmond Area Immigrant Health Needs Assessment

B. They also wish for more mobile clinics that provide evening hours and come out to their communities. ( 9 )

C. Schools

Those who attended the meeting were very thankful to participate. They are grateful for our concern and our efforts in making their adaptation process smoother.

## **RICHMOND AREA IMMIGRANTS & REFUGEE HEALTH NEEDS**

### **Focus Group Meeting**

**Date of Focus Group:** May 17, 2003

**Venue:** Don Jose Restaurant

**Affiliation of Focus Group Members:** Community Leader Referrals

**Facilitators:** Ileana Rivera

The first meeting was opened with the assistance of 10 Hispanics. They have been residing in the U.S. between 1 and 3 years. The children age 3 months to 10 yrs. It was emphasized to the group that whatever they said in this meeting was completely confidential and only the contents and information provided by them were going to be reported. No source (names etc) was going to be identified.

To break the ice they were asked to voluntarily share something about their families, hobbies, how they spent their free time etc. The consensus was that they did not have too much free time because they worked 6 days a week. They liked to watch TV, take the family for a ride, walking in the park, playing sports and church. The participants explained that there is not enough time for entertainment.

The following questions were formulated and answered by each one of the participants.

1. Has living in Virginia been what you expected? Why or Why not?
  - A. They explained that it has been a sacrifice, however it has offered better opportunities than in their countries. ( 6 )
  - B. Most came to Virginia due to job opportunities and reputation of being a great place to raise children. (4 )
  - C. Most find it difficult to adjust without their loved ones. ( 8 )
  
2. What do you think is the biggest adjustments you've had to make since moving to Virginia?
  - A. Adaptation of being far from loved ones. ( 10 )
  - B. Language Barrier and lack of education ( 8 )
  - C. Difficulties in obtaining INS documentation.( 10 )
  - D. Lack or poor transportation in city and counties.( 8 )
  
3. What is the biggest health worry?
  - A. Language Barrier ( Lack of proper staff to translate ) ( 10 )
